EAGLE HISTORY

The athletic programs at Arroyo Grande High have been some of the most successful programs in the state of California. From the gym to the track, to the field, to the pool, to the diamond, Arroyo Grande athletics has produced individual and team champions from the league level through state and national champions.

Girls Volleyball was CIF champions twice, once in 1990 and repeat champions in 1991. These same years the school produced the National Player of the year in Carrie Wendell. Boys Wrestling produced CIF team championships in 1999 and again in 2001.

Football has produced four CIF championships in six finals appearances. Championships were won in 1987, 1994, 1997 and 1998. In 1987, future NFL Quarterback Jamie Martin was named CIF player of the year.

Boys Cross Country has produced one CIF championship in 1988 with National Runner of the year Louis Quintana. Girls Cross Country has contributed 4 CIF Championships to Arroyo Grande High School. Their first was in 1984 and was followed by championships in 1985, 1987, and 1990. Girls Track and Field was CIF Champion in 1985 and boasts state champion Stephanie Brown who went on to compete in the Olympic Games. Boys Track and Field have won 4 CIF Championships as well as one State Championship in 2001. The CIF Championships were accomplished in 1994, 1995, 2000, and 2001.

Our most recent CIF Championship occurred in 2008 when our Girls Water Polo team won their first title. Few schools in the state can present a resume of winning that compares with Arroyo Grande High School.

It is the goal of the foundation to continue this level of excellence in all of our athletic programs by providing state of the art facilities for all of our programs.

I'd like to help with a gift of:

\$ _____

Name _____
(as you wish for it to appear for recognition)

Address _____

City _____ State _____ Zip _____
